

# BMT Gas Filler

## Machine Features

- Can be used for Argon or SF6 Gas
- Automatic indication to notify gas has been filled in unit
- Flow Capacity of gas can be adjusted with regulator
- Very compact machine so less space is required

## Technical Data

- Width: 355 mm
- Length: 400 mm
- Height: 140 mm
- Weight: 4kg
- Voltage: 240 V
- Frequency: 50 Hz
- Power: 30 VA
- Air Pressure: 3 bar 10NL/min
