

GEORGIAN BAR TABLE

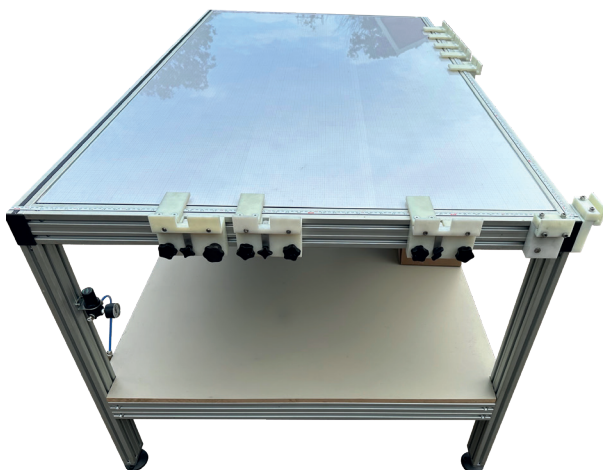

This precision built staple table enables a single operative to manufacture spacer bar frames incorporating georgian bar quickly and accurately.

The decorative bar is supported in cradles that allow for adjustment to suit any style of georgian bar, interbar or victorian grille, into any cavity width of spacer bar.

Features

- One staple gun that is not fixed to the table to allow the operator to move freely around the table.
- 9 positioning stops to secure the georgian bar whilst stapling.

Height 1050mm (41.338 inches)
 Width 2090mm (82.283 inches)
 Depth 1090mm (42.913 inches)
